Description:

Established in 2009, GWR Roofing has grown to its current strength by offering solid service and building solid relationships. We take pride in our workmanship and work ethic which is evident in the quality of our product. GWR Roofing specializes in roofing construction for the residential, commercial and industrial markets for both companies and private individuals.

Andrew Gove is the Managing Director of GWR Roofing. The management team comprises of Gordon Gove and Selvan Naidoo who ensure the seamless operation of our roofing crews. Each crew is led by an experienced team leader who holds a junior management position in the organization.

Our health and safety statutory requirements are up to date and our work teams are fully insured.

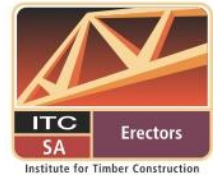

At GWR Roofing we strive to consistently improve our product offering and look forward to being of service to the construction and residential markets in Kwa-Zulu Natal and surrounding areas.

Solid service. Solid relationships.

What Makes GWR Roofing Better?

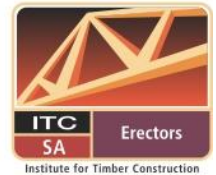

- Professionalism
 - We are an established business and take pride in our work. We do what we say we're going to when we said we were going to do it. We have also implemented a professional work system which does not only include our roofing crews but also our administration of the work by our full-time office staff.
- Attention to detail/accuracy
 - Our roofing crews are supervised and work is constantly checked. Supervision and checking is done by the Team Leader, the Site Supervisor and by Senior Management. Constant checking and supervision by competent staff ensure that the completed product is completed to our high standards.
- Record keeping and feed back
 - Site reports are generated weekly and emailed to you, the client. This allows you to keep track of the progress onsite, document any variations to the work order and high light problems and issues that occur onsite.

Solid service. Solid relationships.

Why should you use GWR Roofing?

- **Accountability**
 - When we step on to site we accept responsibility not only for the installation of the roof but also for the management of the materials supplied. We check what has been delivered and do a stock take weekly to see what has been installed. Shortages are assessed and, if needs be, are reported to the client immediately. We stand by our workmanship and always see our jobs through to completion.
- **Presence on site**
 - GWR staff is on full time contracts, as such they are carefully selected and undergo a stringent three-month assessment where they are evaluated of their compatibility with our companies' ethos. Even though our roofing crews are self-sufficient and led by a capable team leader, we do have a strong supervisory presence on site.
 - We always treat our clients with the utmost respect and friendliness, we enjoy working with different people and it gives us great joy to leave a satisfied client once the job is complete.
- **Quality of workmanship**
 - We offer superior workmanship and are held accountable by our Category A Installer status with the ITC.
- **Peace of mind**
 - We offer you the peace of mind knowing that one of KZN's leading roof installers is taking personal attention to your job and giving it the proper attention it deserves.
